The current taxi system in Charleston is bad with scarey driver types and poor service.
Uber provides an improvement over the existing as well as augmenting the number of units You should allow Uber in SC

You people

Stop taking my rights away...while you're at it- go away!!!

I pay taxes and I vote...I will be complaining to Nikki Haley too!

Stop being jerks and servants to special interests...

If you get paid with taxes, you are to vote for the people...

This is not a decision for the people...

SC is - backwards already- don't make us the laughing stock of the nation with your ignorance...
